INSTRUMENTAL MUSIC PROGRAM

BEHAVIOUR EXPECTATIONS

It is important that the students get maximum learning time with the Instrumental Music Program. It is equally important that the music teachers are able to focus totally on teaching.

Students will be expected to

- participate in all lessons,
- ensure their books go home and that they bring them to school on lesson days,
- ensure they are on time and
- at all times behave in an appropriate way.

If students do not behave responsibly, following a warning, parents will be contacted. If inappropriate behaviour continues, the logical consequence is that the child will not be able to attend the program.

- Parents will receive advice by phone or letter that there are behavioural/attitude issues.
- Where necessary, further advice will be given that the student has been removed from the program. In this case money paid in advance will be refunded.

AGREEMENT (Return to School)
